Engage2Excel Named Among the Top Recognition Provider's by HRO Magazine

STATESVILLE, N.C., August 9, 2016 – Engage2Excel, Inc. has been ranked as one of the leading providers of recognition and rewards services in the HR industry. This ranking marks the seventh year the company has made the list; in previous years it ranked under the company name TharpeRobbins.

"Commitment to exceptional client-vendor relationships is a signature trait of Engage2Excel," says Phil Stewart, CEO of Engage2Excel. "The entire team is proud of this recognition and thankful to each of our valued clients for the trust they have placed in us to manage their unique employee recognition and performance needs."

As a leading benchmark for recognition provider differentiation, HRO Today's Baker's Dozen rankings are an important measure of customer satisfaction. It also serves as a reminder for providers to continuously raise the bar in the quality, services and value they offer clients.

The results are based on survey feedback from buyers of the rated services. The data is analyzed to determine the rankings and the overall score, and individual scores are calculated for three categories – service breadth, deal sizes and quality.

"Engage2Excel's goal is to help companies increase employee engagement to achieve higher levels of performance," says Stewart. "By providing our clients with superior service and a suite of solutions that drive bottom-line results, we not only support their business initiatives but also deliver a recognition experience their employees will remember."
