

Engage2Excel's KITTY CORRAL began in 2018 to bring awareness & recognition to cat adoption. We are in the human capital management field and often hear that "HR is like herding cats," so our initiative is very fitting! Kitty Corral has become a welcomed addition to the HR events we attend, drawing thousands of cat lovers (and dog lovers, too!) for a hug, snuggle or squeeze from a sweet feline.

The local organization we partner with receives the well-deserved awareness they need, along with a generous donation to their great cause!
